

RLK & RBK

Duplex Drinking Water Filter Kit

Description:

The RLK and RBK are drinking water filter kits containing two housings, designed to be fitted under a sink. The kits are supplied with all the necessary parts, including a tap, that can be fitted alongside an existing tap or sink unit and full instructions.

RLK

- Removes chlorine, bad taste and odours
- Removes the minerals that cause scaling
- Reduces organic chemicals

RBK

- Removes sediment and small particles
- Remove chlorine, bad tastes and odours
- Reduces organic chemicals
- Reduces bacteria down to 1 micron
- Reduces pesticides and rust
