ADVANCE TO A WHOLE NEW POOL CLEANING EXPERIENCE

FOR THE OPTIMAL CLEANING OF RESIDENTIAL POOLS OF
ANY SHAPE, WITH ANY FINISH, UP TO 15 M LONG

Excellence
inside!

Aquabot K300 APP

A top-of-the-range Robotic Pool Cleaner designed to take residential pool cleaning to a whole new level of efficiency and ease.

Connected

Control your aquabot K300 by connecting it to the aquabot RC app on your smartphone or tablet, and enjoy the freedom of checking operational status, navigating your cleaner, and setting up and scheduling cleaning programs remotely.

The latest in pool cleaner technology for sparkling pool water all of the time

The aquabot K300 is the most advanced Robotic Pool Cleaner available for residential pools of any shape, and with any finish, up to 15 m long. Powered by the patented AquaSmart Gyro System, it uses a smart navigation algorithm to systematically clean the pool's floor, wall, and waterline using the most efficient route every time.

Efficient and robust

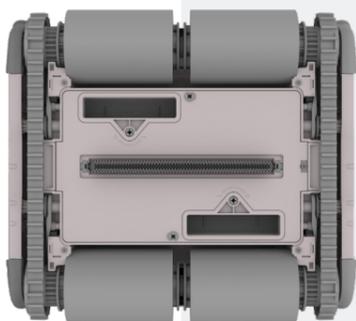

BWT robotic cleaners are equipped with Breezer technology, an efficient and hard-wearing gear transmission; paired with two drive motors and a powerful pump to collect debris, the aquabot K300 APP is one of the most reliable pool cleaning robots on the market.

Unmatched suction power

Aquabot robotic cleaners feature the most powerful suction of any robot on the market. They can double their suction power through precise adjustment of the intake valves. The closer they are to the surface being vacuumed, the more powerful the suction. Suction can be adjusted to efficiently capture the type of debris to be picked up. Thus, close to a beach for example, they can be set down low to effortlessly pick up every grain of sand.

Ensuring maximum ease-of-use and comfort for residential pool owners

Every aspect and feature of the aquabot K300 was designed to ensure maximum ease-of-use and comfort for the pool owner. Thanks to the aquabot K300 APP's ergonomic design and hand-grip, handling is effortless when the pool needs to be cleaned. The premium trolley provides convenient storage and transport. Transparent windows allow the pool owner to monitor the build up of dirt in the filter without removing it from its housing. In addition, a full filter indicator on the the transformer alerts the pool owner if the filter needs to be cleaned. When it's time to clean the filter, it can be released from the top-access filtration system with the simple lift of a handle and washed without even getting your hands dirty!

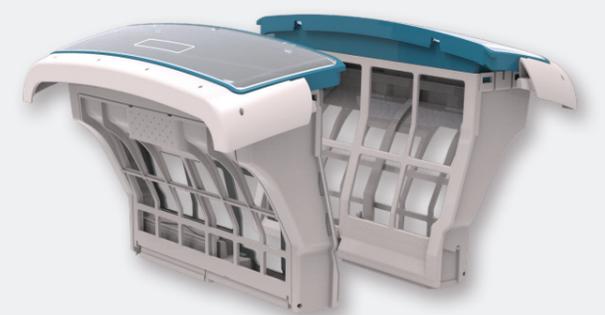

ABOUT BWT

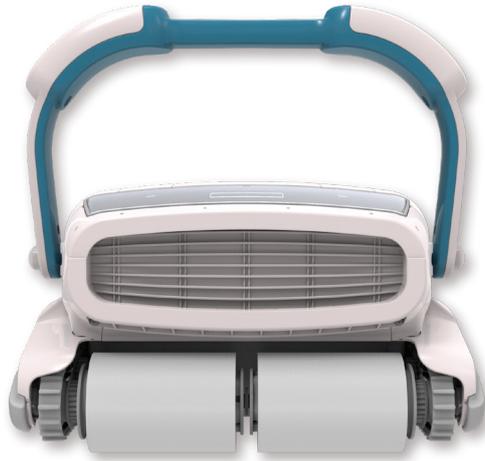

The Best Water Technology Group is Europe's leading water technology business with a staff of 4,500, using cutting-edge methods and new techniques to develop innovative, economical and ecologically friendly water purification technologies to provide private households, industry, commerce, hotels and municipalities with the safest, healthiest and most hygienic water possible for their day-to-day needs. BWT provides modern purification systems and services for drinking water and water used

in pharmaceutical and other processes, heating, boilers, cooling and air conditioning and, of course, water used in swimming pools. This includes our robotic pool cleaners, designed and developed to provide optimum filtration of the pool water, removing debris, algae and bacteria. Our employees work particularly hard to create sustainable products that use fewer resources and less energy, thereby reducing CO2 emissions. For you and planet blue!

TECHNICAL SPECIFICATIONS

Pool dimensions	For pools up to 15 m long (Any shape, any finish)
Cleaning type	Floor, walls and waterline
Cleaning cycle duration	1.5, 2, 2.5 hours
Filter type	4D hyperfine
Filter access	Easy Top Access, handle
Brushes	4 PVA brushes
Full filter indicator	Yes
Extra brush	Yes, vibrating PVC brush
Navigation algorithm	AquaSmart
Gyroscope system	Yes
Power supply	< 29 Volt, SPS Full App
Power consumption	< 150 Watt
Platform	Dual drive, Breezer technology
Suction flow rate	19 m ³ /h
Cable length	18 m
Anti-tangle swivel	Yes
Adjustable intake	Yes, up to twice the suction power
Weight	11 kg
Transport/ Storage	Premium trolley
Guarantee	3 years

A world made for you!

EXCELLENCE, INTELLIGENCE, INNOVATION

The BWT world is made for you, and its robotic pool cleaners are designed with you in mind. Don't hesitate, step into an exceptional world.
