DESIGNED TO CLEAN RESIDENTIAL POOLS OF ANY  
SHAPE, WITH ANY WATERPROOFING FINISH,  
UP TO 12 M LONG

*Excellence  
inside !*

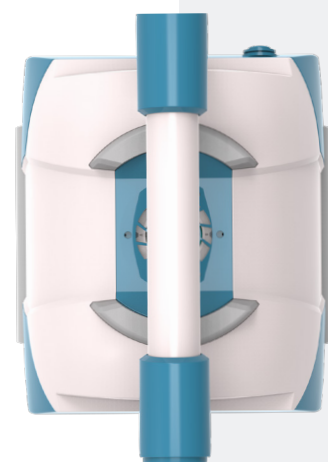

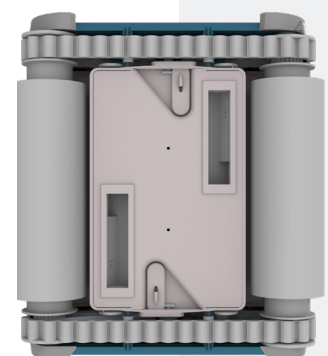

### Aquabot FRC90

An affordable and reliable Robotic Pool Cleaner, designed to take the drudgery out of cleaning residential pools of any shape up to 12 m long, compatible with all pool finishes.

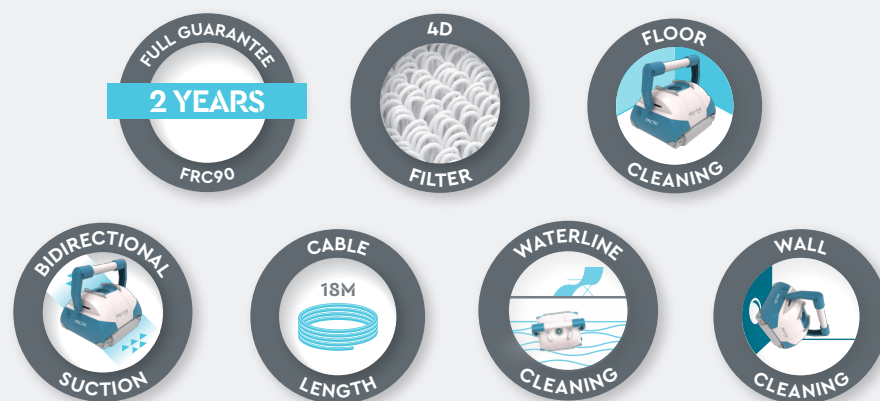

### For the smart and efficient cleaning of residential pools

The aquabot FRC90 uses a smart navigation algorithm to scan the pool and compute the optimum path to efficiently brush, vacuum and filter dirt, debris and contaminants from the pool floor, walls and waterline in the shortest amount of time.

### Everything you need in a robotic pool cleaner

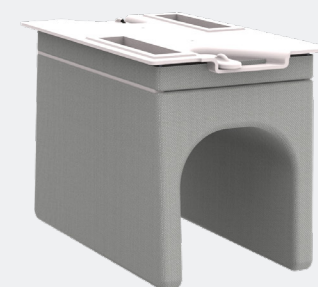

The aquabot FRC90 offers residential pool owners everything they need for their pool maintenance in a single package. With its advanced features, this affordable and reliable pool cleaning solution was designed with pool owners in mind, making pool cleaning so much easier than before. Now you can just sit back, relax, and let the aquabot FRC90 do all the work for you!

### ABOUT BWT

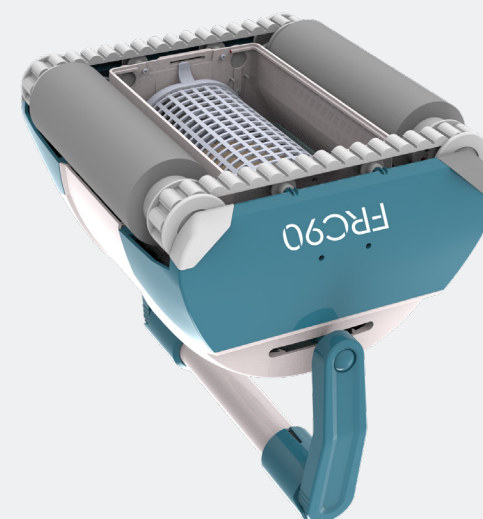

The Best Water Technology Group is Europe's leading water technology business with a staff of 4,500, using cutting-edge methods and new techniques to develop innovative, economical and ecologically friendly water purification technologies to provide private households, industry, commerce, hotels and municipalities with the safest, healthiest and most hygienic water possible for their day-to-day needs. BWT provides modern purification systems and services for drinking water and water used

in pharmaceutical and other processes, heating, boilers, cooling and air conditioning and, of course, water used in swimming pools. This includes our robotic pool cleaners, designed and developed to provide optimum filtration of the pool water, removing debris, algae and bacteria. Our employees work particularly hard to create sustainable products that use fewer resources and less energy, thereby reducing CO2 emissions. For you and planet blue!
