

# BWT CLIMATE BOTTLE

Don't dispose – reuse! The BWT Climate Bottle with screw cap not only ensures sustainable drinking pleasure on the go, it's also super convenient as it fits into any cup holder or backpack. The bottle has a capacity of 0.5 l and is made of double-walled stainless steel – therefore cold drinks stay refreshingly cool and hot drinks are kept warm for up to 6 hours. Furthermore, it is unbreakable, food-safe and neutral in taste. Clean the bottle as well as the cap by hand, using warm water and mild detergent.

- Bottle: Stainless steel 304
- Double-walled
- Hot & cold
- Screw cap
- Volume: 500 ml
- Weight: 291 g
- Size: 71 × 260 mm
