See and feel the difference. The highlights of our beWell Drink systems at a glance:

Lifestyle design

is pure and clearly designed. As a radiant light cube, it lends hospitality and fresh beWell feeling to any installation location.

Touch Tronic operation

makes ordering easy, just like on a smartphone.

Top quality materials and colour design

White, blue or pink: The light cube glows in the colour of your choice. Neutral metal and glass enhance any ambience

The guarantors of hygiene

are smooth, easy-to-clean surfaces – quick and easy to clean and disinfect with a hygiene spray.
